1. There are approximately 300 police stationed in Putgarten (P79). Their task is to guard technicians who are engaged in experimental work on V-2's and V-3's.
2. The civilians have been evacuated and only troops and technicians and a small number of skilled workers are left.
3. Test firing takes place in the direction of the Baltic.
4. It is also said that there is a small number of torpedo technicians.
5. The whole locality is surrounded with barbed wire with alarm installations.
